SUMMARY

Motivated and detail-oriented MERN Stack developer (Certified, 2025) with hands-on experience building full-stack web applications. Developed RstStore, an end-to-end e-commerce platform featuring product listings, shopping cart, order management, and secure user authentication using MongoDB, Express.js, React, and Node.js. Proficient in JavaScript, React, Redux, HTML5, CSS3, and REST API development. A quick learner with strong problem-solving skills and a collaborative mindset, eager to contribute to a forward-thinking development team as a junior or entry-level web developer.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript, React.js, Redux, Node.js, Express.js, HTML5, CSS3, Tailwind CSS

Database & Tools: MongoDB, REST APIs, Git, GitHub, Office 365, Agile/Scrum

Core Competencies: Data Analysis, Market Research, Team Collaboration, Performance Tracking, Survey Analysis

PROJECTS

RstStore — Full-Stack E-Commerce Application

github.com/Bala-newforthis/RstStore

MongoDB, Express.js, React, Node.js (MERN Stack)

- Built a complete e-commerce web app with product catalog, shopping cart, order management, and secure user authentication.
- Designed RESTful APIs with Express.js and Node.js; modeled MongoDB schemas for users, products, and transactions.
- Implemented responsive React frontend with Redux for centralized state management across all application modules.
- Applied component-based architecture with reusable UI elements, improving maintainability and development speed.

PROFESSIONAL EXPERIENCE

Accenture Solutions

Trust and Safety Associate

Mar 2022 – May 2025

- Collaborated in Agile sprint planning and daily stand-ups, ensuring timely delivery of content moderation tasks.
- Integrated Office 365 tools to manage subscription creation, email delivery, and inbox retrieval workflows for users.
- Reviewed and classified media content to filter harmful material, maintaining a safe platform experience at scale.
- Consistently met AHT/NHT performance targets set by management, maintaining high accuracy in output delivery.

Gega Infotech PVT LTD

Senior Marketing Research Executive

Nov 2020 – Mar 2022

- Led market research initiatives to identify high-value IT prospects, industry trends, and new business opportunities.
- Analyzed competitor strategies, market demand, and customer requirements to support strategic positioning decisions.
- Managed targeted outreach via email campaigns and LinkedIn, building a consistent lead generation pipeline.
- Prepared segmented lead lists and research reports, directly supporting sales team in generating quality prospects.
- Mentored junior researchers on outreach techniques and lead qualification, improving overall team productivity.

Rexus Group Pvt Ltd

Marketing Research Executive

Jun 2016 – Dec 2020

- Identified IT service companies (web dev, cloud, cybersecurity) as potential clients using LinkedIn and business directories.
- Compiled detailed contact databases including LinkedIn profiles, company websites, and verified email addresses.
- Delivered consistent lead generation output supporting senior business development and client acquisition teams.
